Information had been received that there were many governing bodies for cycling clubs but no National body. Sam Hutchinson, Community Mapping Project Officer who attended our last meeting is currently investigating potential improvements in communication between cycle groups and local communities – also this is being noted at County Level.

#### **Memorial Tree for Mr Moxen**

Castle Howard Estate had confirmed that it was their wish that an oak tree should be planted on the triangle adjacent to The Plump. The Chairman and Cllr Gibson agreed to consider the type of oak tree which would be suitable and would liaise with Mr Moxen's family.

The Chairman had written to the bus company but at the present no reply had been received.

It was agreed that Jan Pilgrim should be thanked for her excellent work in taking notices all round the village and surrounding areas asking that people exercising their dogs should not allow them to foul around the village. The Clerk would write and thank her.

The meeting was then opened and Cllr Goodrick then informed us of news from Ryedale District Council and North Yorkshire.

A new Chief Executive has been appointed at Ryedale D.C. The future of the Council offices is still under review. A consultation is taking place as to the possibility of charging £2 per person for any election expenses.

The road improvements at Barton Hill have been completed and appear to be very successful. If more dual carriageway is put in place on the A64 approaching the Welburn junction safety features must be put in place for pedestrians.

North Yorkshire C.C. Have received and outstanding Ofsted report.

The meeting was then closed to the public

### **Exchange of Information**

Mr Holay had very kindly offered to do some strimming in the cemetery near the electric fence.

It was reported that there was a dangerous hole in the grass verge over in Mowthrope Lane and Cllr Winning agreed to ask Mark Wigham if, when he excavated a grave, he would fill the hole with soil/stones.

It was noted that the grass verge at the wall side where ashes were interred was in need of attention and this would be discussed at the next meeting – also the stone work of the wall was beginning to need attention.

There being no further business the meeting closed.
